Beyond the Board Team

Petra Vujicic and Maikel Putman

Hey Petra and Maikel 🙌,

We're super excited about the possibility of working with **Beyond the Board**. As the Slayest team of **ICT and Media Design specialists**, we're all about **smooth UX/UI, clean front-end web development, and solid backend solutions**—aka, making sure your game not only looks amazing but also runs like a dream.

We know that translating the **awesomeness of board games** into a digital experience is not an easy job, but that's exactly what we love to do. We focus on **creating intuitive, engaging, and extraordinary interfaces** that keep players hooked. Whether it's **seamless interactions, immersive design, or smooth multiplayer features**, we've got you covered.

Why Team Up With Us?

🎨 **Next-Level UX/UI** – We design with the player in mind, making sure every tap, click, and animation feels just right.

💻 **Tech That Just Works** – Our front-end and backend skills ensure a **bug-free, smooth**, and scalable experience.

🚀 **Creative & Agile** – We don't just build; we **collaborate, innovate, and adapt** to make sure your vision comes to life.

We want to share our slayness and you should too. Looking forward to hearing from you!

Best,

Kourosh Esmaeil Tajer, Fabiana Barrios Peña and Tamer Talha Candemir
